

Rosemol Hillariose

Content & Knowledge Strategist | AI Safety & Quality Specialist

AI safety specialist and content strategist with 9+ years driving eCommerce operations, knowledge management, and retail excellence. Expert in Generative AI guardrails - adversarial red-teaming, prompt injection detection, and jailbreak mitigation with hands-on monitoring of model behaviour to flag hallucination and grounding risks before deployment. Proven ability to manage complex, deadline-critical projects independently while maintaining quality standards.

WORK EXPERIENCE

AI Safety Expert - Annotator & Reviewer

Mercor (Part-time)

Jul, 2026 - Present | Remote

Tasks

- Design and execute adversarial attacks on production conversational AI - jailbreaks, prompt injections, bias exploitation, multi-turn manipulation - to expose safety gaps before deployment.
- Classify and rank model outputs using taxonomy frameworks and rubric-based evaluation, delivering evidence-backed reports that guide client safety prioritization.
- Calibrate peer annotations across edge cases, enforce guideline compliance, and assess multilingual behavior as native English and Malayalam speaker.

Range Change Administrator - Retail Operations

Infosys BPM (Internal mobility)

Apr, 2026 - Present | Bangalore, India

Tasks

- Manage end-to-end Range Change Plus programme administration for UK retail estate, executing parallel workstreams to company standards with zero missed sign-off deadlines.
- Audit field documentation and photo evidence, provisioning Category Managers with compliant sign-off data and maintaining full regulatory records.
- Mitigate timeline risks through process discipline, resource tracking, and cost-saving recommendations to Support Manager.

WORK EXPERIENCE

Process Lead - Content
Infosys BPM
Sep, 2023 - Apr, 2026 | Bangalore, India

Tasks

- Managed full-cycle product activation for Currys PLC (UK's leading D2C electronics retailer), delivering 100% SKU activation across 100+ products per cycle in CMS.
- Led stakeholder management across ~100 cross-functional European stakeholders, aligning product launches to range roadmaps and cutting go-live timelines by 80%.
- Analysed quality metrics and conducted root cause analysis on production errors, building standardised QC protocols for tone, compliance, and launch readiness across the customer journey.

Content Lead
Pedagotech Subjectiv Private Limited
Jun, 2023 - Sep, 2023 | Kochi, Kerala

Tasks

- Built brand positioning and content strategy for stealth edutech startup, launching monthly social media calendar to drive visibility.
- Authored case studies, website copy, email campaigns, social posts, and video scripts aligned to brand voice and style guidelines.
- Enforced consistency and compliance through fact-checking, proofreading, and editorial governance framework.

Content Writer
PiServe Solutions Private Limited
Dec, 2020 - Jun, 2023 | Kochi, Kerala

Tasks

- Designed content extraction and curation workflows with pre-submission QA, strengthening accuracy and consistency across deliverables.
- Translated business and user requirements into content solutions information architecture for an NGO construction-funding platform and curriculum design for an EdTech product.
- Supported hardware, branding, design, and software teams with wireframes, presentations, brand documentation, and patent materials.

Skill Development Executive - SDE
ASAP - Additional Skill Acquisition Program, Government of Kerala
Sep, 2016 - Nov, 2020 | Kochi, Kerala

Tasks

- Authored training manuals, digital guides, and instructional materials for soft skills and IT programmes.
- Standardized workshop delivery across skilling centers by developing SOPs for soft-skills and foundational IT curricula.
- Organized career workshops connecting graduates with employment opportunities through Placement Cell partnerships.
